**HOTEL NIMB**  
Norm checked into the Nimb Hotel on a sunny spring day. Located in the heart of Copenhagen, with the Tivoli garden just outside the windows, this small, exquisite hotel offers all the charm and luxury in the world. A relaxed, homely atmosphere – and just 13 unique rooms. Even though no two rooms are alike, the whole place oozes consistent style. Apart from the tasteful interior décor and uncompromising quality we enjoyed the opportunities for a little self-pampering: A gourmet restaurant, wine cellar, cosy bar and elegant banquet rooms. The hotel even has its own dairy! What more could you dream of?
